

Welcome!

STAR PHOENIX TRADE

www.starphoenixtrade.com

About Us

Star phoenix trade is an original global Trading Platform. We provide a safe and reliable platform where anyone can exchange traditional currencies for a range of the world's leading cryptocurrencies. Star phoenix trade is an instant, fully automated digital asset exchange with a lightning network. Our advantages include swift processing and transparent fees.

**Solution To Every
User & Development Team**

VISION

Society's development depends on an individual's development. Our vision is to create a community of helping hands through mutual assistance among them by providing their basic needs. We look forward to a better world with no struggles for a more suitable living environment.

MISION

Today, most people spend a good portion of their income to pay off debts. Since life does not go on without taking loans, this situation can be changed if there is a sufficient financial source in case of emergencies. The platform envisioned here is a community of people who do not have to depend on loans for the future.

WHAT IS CRYPTO CURRENCY?

Cryptocurrency is digital currency that uses an encryption algorithm to secure processes involved in generating coins and conducting transactions on blockchain

WHY DIGITAL CURRENCY?

Ease of use without any border issues is the reason why digital currency is in high demand. It was created in the wake of the 2008 global financial crisis as a way for people to control their money themselves, without having to rely on companies, banks, or governments and their fees and controls.
